ECOFLOOR

ABOUT ECOFLOOR

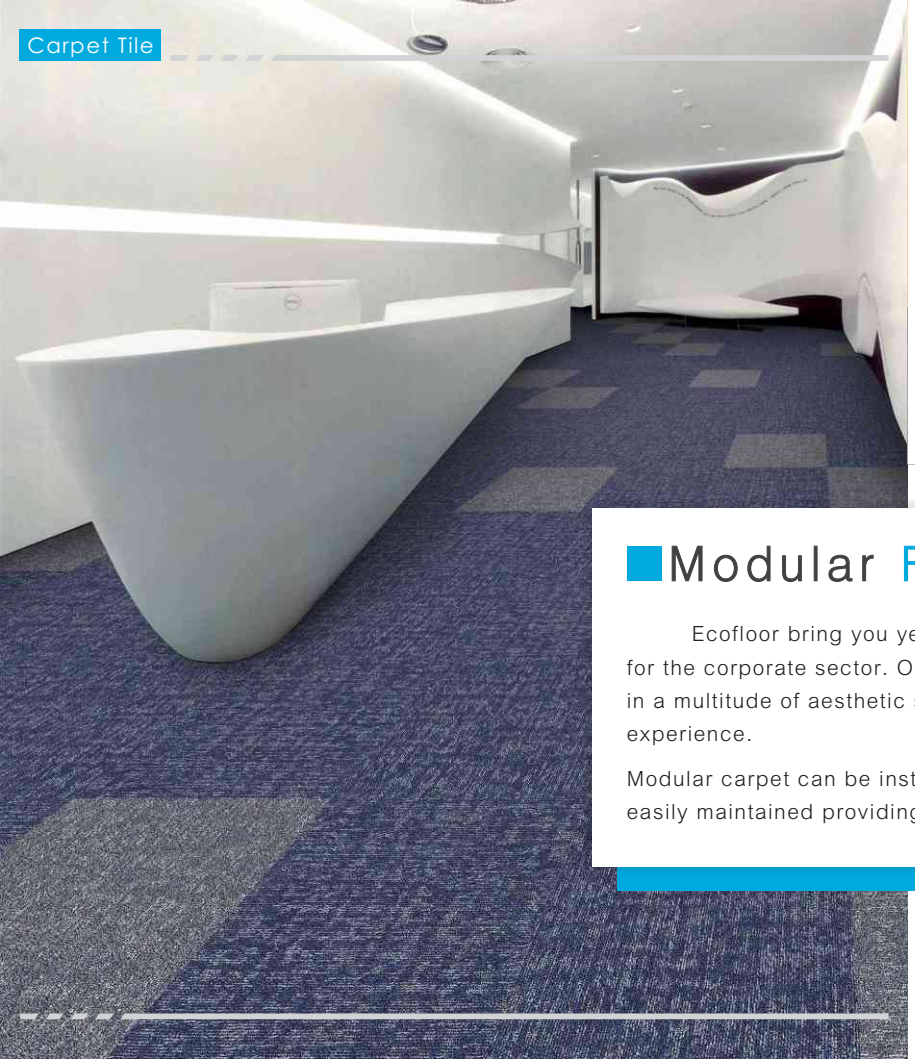
Ecofloor is more than a flooring company - we are united in our vision of creating a better future for our customers, for our people and for our company. We provide carpet, luxury vinyl and other speciality items for commercial and residential markets worldwide. We meet diverse customer needs through an expensive portfolio of brands.

You can trust Ecofloor to provide you with stylish and classic flooring solutions that will meet all your needs, priced fairly and brought to you with exceptional customer service. At Ecofloor, we care about your floor.

Design Concept & Service

Ecofloor design studio service is available to help you develop your custom carpet and color concepts, or to help you modify an existing design from our substantial design and color archives.

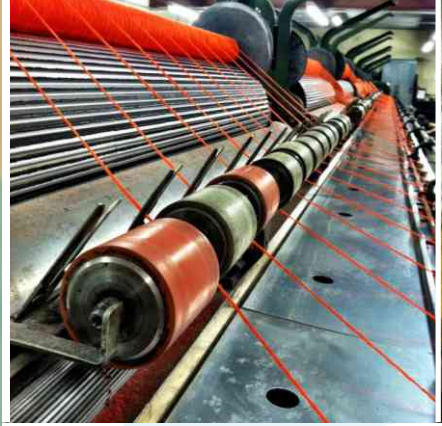
Using the latest 3D technology and our extensive samoling facilities, our proffessional staff are here to help you turn your project vision into reality.



Modular Flooring

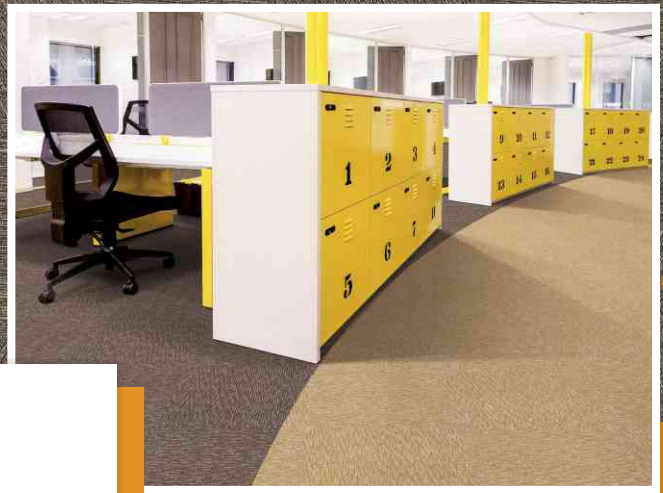
Ecofloor bring you yet another practical and budget conscious floor covering solution for the corporate sector. Our modular carpet products provide superior underfoot comfort in a multitude of aesthetic styles, colors & textures conducive to enhance the working experience.

Modular carpet can be installed quickly and cost effectively with negligible wastage and is easily maintained providing durability and unsurpassed appearance retention.



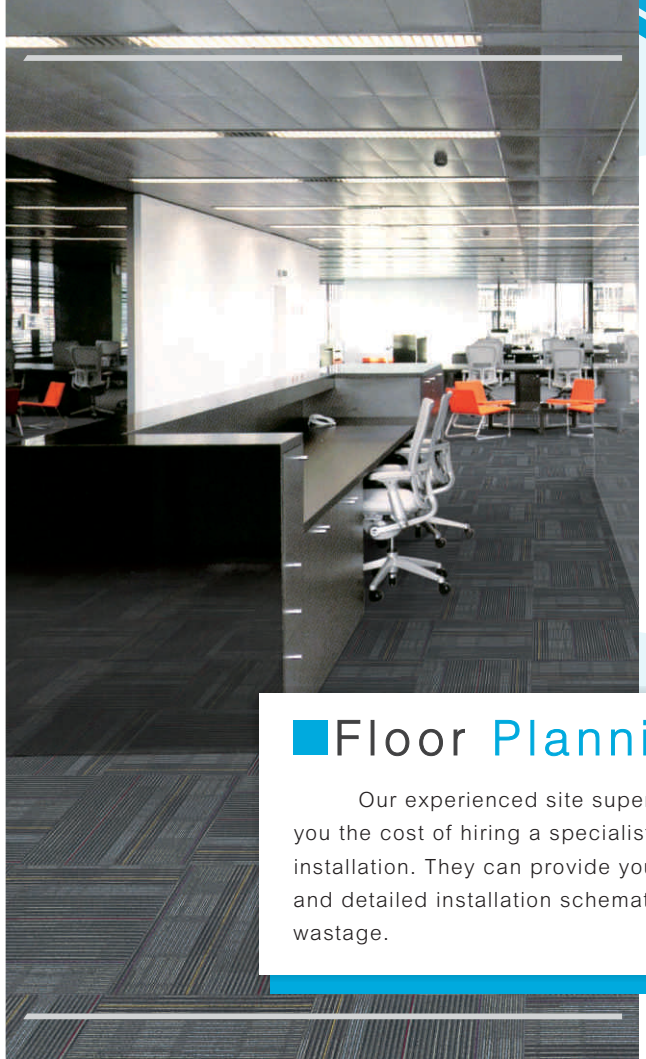
Sample Service

Sample services for Woven and Machine Tufted carpets are fast and efficient thanks to our computer controlled kibby and M-tuft sample machines, which produce samples that closely imitate the finished texture, design and color of your potential carpet.



Imagination Is The Only Limit

We have the capabilities and the expertise to deliver any project, no matter how expansive or custom. If is our firm belief that when all aspects of creation happen under one roof, you get a superior product with a minimum gap between the original vision and the finished carpet.



Floor Planning and Estimation

Our experienced site supervisors & estimators can save you the cost of hiring a specialist to plan your project installation. They can provide you with 3D design visualization and detailed installation schematics for minimal installation wastage.

Warehousing, Distribution and Installation

Our experienced site supervisors & estimators can save you the cost of hiring a specialist to plan your project installation. They can provide you with 3D design visualization and detailed installation schematics for minimal installation wastage.
